

U.S. GENERAL SERVICES ADMINISTRATION
One Acquisition Solution for Integrated Services (OASIS)
Sept 3, 2014 – Sept 2, 2024

SUMMARY

GSA has established a government-wide acquisition platform to support complex professional services requirements that span program management, logistics, management consulting, engineering services, scientific services, and financial services. Southwest Research Institute® (SwRI®) is an OASIS Prime Contractor.

WHO CAN USE THIS CONTRACT?

OASIS contracts may be used by all federal agencies, including the Department of Defense; but are not open to state and local governments at this time.

OASIS POOLS AND SwRI'S CONTRACT NUMBERS

OASIS consists of 7 Pools covering one or more North American Industry Classification System (NAICS) codes. SwRI was awarded contracts in four of the seven pools:

Pool 1 (541330 - Basic Engineering):

GS00Q-14-OADU134

Pool 3 (541330 Exception A – Military Equipment and Weapon System Engineering)

GS00Q-14-OADU333

Pool 4 (541712 - R&D in Physical & Life Sciences):

GS00Q-14-OADU432

Pool 5B (541712 Exception C - R&D in Space Vehicles & Guided Missiles):

GS00Q-14-OADU619

SCOPE AND POOL SELECTION

The NAICS code that most appropriately reflects the predominant activities under the Statement of Work (SOW) is used to identify the appropriate OASIS pool. A detailed map of NAICS codes to Pools is in the OASIS Ordering Guide (www.gsa.gov/oasis)

TASK ORDER CONTRACT TYPES

Subject to FAR and Agency level required consideration criteria, limitations, and/or prohibitions, you may use any appropriate contract type, or a combination of appropriate contract types. These generally include, but aren't limited to:

- Fixed-Price, all types
- Cost-reimbursement, all types
- Time-and-materials
- Labor-Hour

ORDERING PROCEDURE SUMMARY

Two ways to access OASIS:

Direct Acquisition: GSA issues a Delegation of Procurement Authority to the customer agency Ordering Contracting Officer (OCO) who performs the acquisition;

or

Assisted Acquisition: GSA performs the acquisition on behalf of the customer agency and provides post-award support, as negotiated with the customer. An Inter-Agency Agreement is required.

PRIMARY CUSTOMER MESSAGES ABOUT OASIS

FLEXIBILITY - The OASIS contracts are the most flexible contracts in the Federal Government.

CONTROL - The flexibilities provided in the OASIS contracts allow clients to completely control their task orders. The ordering contracting officer may exercise broad discretion in developing appropriate order placement procedures

About Southwest Research Institute

SwRI is an independent, non-profit research and development organization performing Professional Engineering Services and contract R&D for government and private industry for the past 70 years. As a private, non-profit organization, SwRI is able to design solutions to technical problems utilizing the most appropriate products and processes.

SwRI provides technical services in the following technical areas:

Applied Physics
Applied Power
Chemistry & Chemical Engineering
Defense & Intelligence Solutions
Fuels & Lubricants Research
Intelligent Systems
Mechanical Engineering
Powertrain Engineering
Space Science & Engineering
